

Connecting Computational Thinking and Connected Learning

The Computational Thinkers

concepts	approaches
<p>Logic Predicting & analysing</p> <p>Evaluation Making judgements</p> <p>Algorithms Making steps & rules</p> <p>Patterns Spotting & using similarities</p> <p>Decomposition Breaking down into parts</p> <p>Abstraction Removing unnecessary detail</p>	<p>Tinkering Changing things to see what happens</p> <p>Creating Designing & making</p> <p>Debugging Finding & fixing errors</p> <p>Persevering Keeping going</p> <p>Collaborating Working together</p>

We're all computational thinkers here!

When you think about it, whether we're parents, pupils or teachers - we're all natural computer scientists, capable of computational thinking. Our brains, like computers, process, debug and make simple algorithms every day!
